What folks are saying about Dave

Dave Strohmaier is the Missoula City Council's best legislator. He sees a problem, drafts an ordinance to fix it and gets support for the ordinance. That's the way it's supposed to work, and Dave makes it work.

—John Engen, Missoula Mayor

As a former legislator and mayor, I know how rare it is to find the combination of intelligence and compassion it takes to make an outstanding council member. I appreciate Dave Strohmaier's exceptional legislative abilities, and as a resident of Ward 1, I appreciate how effectively he represents our neighborhoods.

—Daniel Kemmis

Former Mayor of Missoula and former Speaker of the Montana House of Representatives

Whether rapidly and thoroughly answering constituent concerns or applying his nuanced comprehension of community needs to policymaking, Dave is a model public servant. I couldn't be more pleased with his willingness to keep on working for Ward One.

—Jason Wiener, Ward 1 Alderman

City Council Representative Strohmaier is open minded and a good listener who seeks out others' counsel and carefully weighs all relevant factors before arriving at a decision. As Chair of the City Council Public Safety & Health Committee, Dave is committed to providing support for emergency responders and ensuring public safety. His background in wildland fire provides Dave a unique perspective and understanding of response issues and emergency management.

—Tom Steenberg, former Missoula Fire Chief

As a former Chief of Police, I would like to take this opportunity to endorse Dave Strohmaier for reelection to the city council. As a member of the City Council, Dave would familiarize himself to the various issues, asking questions until he was able to make informed decisions. Dave became Chair of the Public Safety Committee of the City Council and his leadership working with the Missoula Police Department ensures that Missoula is a great place to live.

—Rusty Wickman, former Missoula Police Chief

Dave Strohmaier has been a true champion for open spaces, working farms, local food, affordable housing, and multi-modal transportation. His decisions reflect a deep sense of community and foresight, which are needed for future generations to enjoy this wonderful place. Please help re-elect Dave to Missoula's City Council.

—Betsy Hands, Representative, Montana House District 99

I have known Dave Strohmaier for the past twelve years. He cares about Missoula and is committed to helping maintain the quality of life, we who live here, have come to expect. One of the things I like about Dave's approach to problem solving is the way he solicits ideas/concerns from his constituents before making decisions. On top of that, he is a good friend and my hunting partner and I give him my wholehearted support.

—Doug Okland, Colonel, US Marine Corps, (Retired)

Alderman Dave Strohmaier embodies our Ward 1 values: keeping downtown vital by supporting public art, open spaces, sustainable and efficient transportation, and high quality police, fire, and medical services, as well as being integral voice for the new downtown master plan, which will help guide our community's vision for growth in the future. All this, plus he has a longstanding commitment to restore Amtrak rail service in Missoula. Dave's bright, thoughtful, measured, and he listens. Unequivocally, Dave has got our wholehearted support in Ward 1.

—Ellie and John Hill, Ward 1 residents
